

Mohamed Thanveer G

Date of birth: 08/12/2001 | **Nationality:** Indian | **Phone:** (+91) 7358823984 (Mobile) | **Email address:** thanveerdeceem@gmail.com | **LinkedIn:** www.linkedin.com/in/mohamed-thanveer-a338ab212 | **Address:** Tiruchirappalli, India (Home) | **Address:** Chennai, India (Work)

• ABOUT MYSELF

An aspiring professional with experience in process planning, generative design, topology optimisation, digital manufacturing, cross-aggregate coordination, and data-driven decision making.

• WORK EXPERIENCE

01/02/2024 - CURRENT - CHENNAI, INDIA

DEPUTY MANAGER - PROJECT PLANNING, DIGITAL MANUFACTURINGASHOK LEYLAND LTD.

- Capability, capacity, and facility planning using Industry 4.0 technologies at the forefront of a global commercial vehicle manufacturer.
- Design, fabrication, and proof of concept of fixtures and support structures for product assembly using CATIA on the 3DExperience platform.
- Design and deployment of a Python-based low-cost vision system for process confirmation - PPM reduction from 2200 to 90.
- Implementation of a vehicle tracking system through frugal methodology involving LoRa module and ESP32 as microcontroller.
- Streamlining inbound logistics through the deployment of a Real-time Traffic Monitoring System - 15% TAT Reduction.
- Development of Android-based process monitoring tools and backend databases.
- Process simulation of workspace optimisation and route optimisation for material handling devices (AMR, AGVs and forklifts).
- Digital twin creation through 3D scanning and point cloud data generation.
- Business process reengineering for 3DExperience to bring product development, operations, and aftermarket under a single hood.
- Project management - from conceptualisation to successful sign-off with contingency planning.
- Budget planning, budget management, RFQ/RFP preparation, and make/buy analysis to support ROI and breakeven.
- Benchmarking standard design and processes through industry analysis and Vendor evaluation through competitive pricing, negotiation, and technical aspects.
- Well versed in lean, six sigma tools and problem solving methodologies such as DOE and statistical modeling

03/07/2023 - 01/02/2024 - HOSUR, INDIA

GRADUATE ENGINEERING TRAINEEASHOK LEYLAND LTD.

- Structured rotational training in Operations, Product Development, and Aftermarket Support, in the automotive value chain.
- Foundational exposure to end-to-end manufacturing systems, right from customer order intake to final delivery and servicing.
- Root cause analysis, data interpretation, and shop floor engagement to close the loop between digital systems and physical operations.

01/08/2022 - 31/08/2022 - CHENNAI, INDIA

PROCESS DESIGN INTERNKUPPS AND SACHS INDIA PVT. LTD.

- Development and review of Piping & Instrumentation Diagrams (P&ID) for process layouts in oil & gas industries
- Design and validation of pressure vessels as per ASME standards
- Structural design calculations and drafting for mechanical erection and equipment installation.

02/05/2022 - 01/08/2022 - CHENNAI, INDIA

MECHANICAL DESIGN INTERNATUM ROBOTICS

- Design of a planetary gear-driven mobility mechanism for a social robot using Fusion 360.
- Structural load simulation and validation.
- Topology optimisation to enhance the strength-to-weight ratio for 3D-printed components.
- Collaborated in a cross-functional team to ensure system stability, durability, and manufacturability.

• EDUCATION & TRAINING

01/04/2024 - Current - CHENNAI, INDIA

ONLINE POST GRADUATE DIPLOMA IN MANAGEMENT- GREAT LAKES INSTITUTE OF MANAGEMENT

Specialisation Track: Data Analytics

Data visualization using Tableau and PowerBI, Machine Learning for Business Application, Business Analytics, Marketing Analytics, Web and social media Analytics, Artificial Intelligence for Business.

Final grade: GPA - 4 on a scale of 4 (Expected date of course completion - May 2026)

28/06/2019 - 30/06/2023 - CHENNAI, INDIA

BACHELOR OF ENGINEERING IN MECHANICAL ENGINEERING- COLLEGE OF ENGINEERING GUINDY, ANNA UNIVERSITY

Thesis:

1. Effect of Cutting Edge Preparation on the Machinability of Ti6Al4V using Carbide Inserts
2. Effect of Cutting Edge Preparation on the Machinability of Coated & Uncoated Carbide Inserts During Turning of Inconel 625
3. Design and analysis of Bi-polar plate using Computational Fluid Dynamics

Final grade: GPA - 9.29 on a scale of 10 | **Type of credits:** National credits (India)

29/04/2021 - 31/01/2022

MASTER DIPLOMA IN PRODUCT DESIGN- CADD CENTRE

NX CAD, AutoCAD, Solidworks, GDT, and Reverse Engineering using CATIA

● **PUBLICATIONS**

Combined influence of depth of cut and feed rate on different cutting radius in machining Ti6Al4V

Journal : Procedia CIRP

Title : Combined influence of depth of cut and feed rate on the performance of tools with different cutting radius in machining Ti6Al4V

Manuscript Number : PROCIR-D-25-01396

Dr. Samuel Raj D, Mohamed Thanveer G, Joyson Selvakumar S.

● **HONOURS AND AWARDS**

22/07/2025

Digital Ninja - Ashok Leyland

23/05/2025 Ashok Leyland

Reward for Individual's Search for Excellence (RISE)

17/12/2024 Confederation of Indian Industry (CII)

Platinum Award - 9th CII National Kaizen Circle Competition

16/11/2024 Quality Circle Forum of India (QCFI)

2 Gold Awards - 17th Chennai Chapter Kaizen Competition

31/10/2022

Python for Data Visualization, Machine Learning, Artificial Intelligence, Data Science - Infosys

● **SKILLS**

OpenCV

Programming and Mechanical Softwares

Programming: Python, Java, R, Dart (Flutter) | Android Studio (Android app development) | Dassault 3DExperience | Catia v5 (Generative Shape Design, Part Design, Assembly Design, Drafting Design) | Design Tools:MATLab,Creo Parametric,Simulink,NXCAD | computer vision

Project Management & General

Microsoft Office | Agile project management | VectorPRO | Process optimization | SAP S4HANA
